

## MF 5660: STRAIGHT TO EFFICIENCY

### MULTIFUNCTION PRINTER LASER FAX

- > MONOCHROME LASER PRINTER
- > USB KEY ADVANCED FUNCTIONS
- > SUPER G3 FAX
- > DUPLEX SHEETFEED COLOUR SCANNER
- > PC MULTIFUNCTION

The MF 5660 is the ideal tool for workgroups from 2 to 5 people. With a fast printing speed of 20 ppm and PC connectivity, you can benefit from all its features from the comfort of your own desk.

The "key to" and "scan to" functions simplify your everyday life, allowing you to print files and scan paper documents at the push of a button without the need for a PC.

To increase safety, we've added 2 new functions: Fax Transmission Forwarding and Department codes to give you constant control over the use of your MF.

Additionally, Companion Suite Pro gives you the ability to check the consumables status, digitise colour documents and manage incoming/outgoing fax & sms from the comfort of your desk.

#### CONSUMABLES

Print quality is consistent throughout the life of the SAGEM cartridges. The system of intelligent consumables using the PLUG'N'PRINT card offers maximum productivity. The PLUG'N'PRINT card simplifies the management and renewal of the consumables

TNR 370 - Black Toner Cartridge  
Autonomy:  
up to 6000 pages

DRM 370 - Drum  
Autonomy:  
up to 20000 pages

The purpose of the International Energy STAR® Program is to promote the development and popularization of energy-efficient office equipment. As an Energy STAR® Partner, Sagem has determined that this product meets the Energy STAR® guidelines for energy efficiency.

#### SAGEM AND THE ENVIRONMENT THE CARTRIDGES ARE RECYCLABLE TO PROTECT THE ENVIRONMENT

Sagem makes available a program for collecting used cartridges, with prepaid envelopes that can be used to send cartridges to a recycling centre. (Availability depending on the country). For more information, please check inside the consumables packaging.

Sagem obtained the ISO 9001 certification which attests that a quality assurance system based on international recognised standard is applied to the design and the manufacture of the above products.
