The MF 5680n handles important printing traffic. Its high speed 20 ppm printer, has been integrated with the latest network printing languages to prevent queue issues.

The network connection allows you to archive your documents (Scan to FTP, Scan to Disk) as well as incorporating your MF 5680n into your existing installed (SNMP) base.

Additionally, Companion Suite Pro gives you the ability to check the consumables status, digitise colour documents and manage incoming/outgoing fax & sms from the comfort of your desk.

A multifunction that is 100% useful.
